TOWN OF MOULTONBOROUGH BUILDING PERMIT APPLICATION REQUIREMENTS

June 23, 2011

To properly review your building permit application the following is required. If anything is missing it will take longer to review your permit. Request for more information or rejection of the permit by the code enforcement office will be done in writing, back to the property owner.

Completed application (one permit fits all, fill it out as it applies to the work you are doing).

Plans of the work to show measurements, lumber sizes, etc. (used to figure permit fees also).

All setbacks to the new work (when creating a new footprint, regardless of size). Please show location of roads abutting the property, other structures, septic location, well and the driveway on the property, or planned.

Description of the new work you will be performing and are requesting with this permit along with the use of each area. (Plumbing, Electrical, Gas Oil and Mechanical permits are separate).

If the work will include heated areas or is to be insulated, an energy code form is required with the application.

Septic approval number, or copy of state approval, if required for the work you are doing.

CSPA permit approval number or state form from the state if required for work within 250' of the high water line.

All contractor signs are limited to the property you are working on **not** on the roads leading to the job site, all other signs will be confiscated, and fines will be assessed and paid before a CO is issued.

TOWN OF MOULTONBOROUGH

Application for Building Permit

P.O. Box 139, Moultonborough, NH 03254

Tel. 603-476-2347
